Detection of Errors in Computer Software Installed in WIHG, (Wadia Institute of Himalayan Geology)

4041. SHRI S.S. AHLUWALIA: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that some Scientists, working in Wadia Institute of Himalayan Geology (WIHG), have detected defects in the computer software supplied by a private firm which has been in use in the WIHG since long;

(b) whether it is also a fact that consequent to the inherent defect in the software, incorrect calculations relating to the research have been obtained leading the work of the scientists to waste;

(c) if so, whether Government have taken appropriate steps to quantify and evaluate the loss caused by the error and to recover compensation from the software supplier;

(d) whether the said software is also installed and used in the computers in several other centres of the Government, including in the Defence installations;

(e) whether the defective software has since been withdrawn from all the installations, if not, the reasons therefor; and

(f) whether Government are contemplating to suitably reward the scientists of WIHG who detected the defects and benefited the Nation.

THE MINISTER OF STATE IN THE MINISTRY OF PERSONNEL, PUBLIC GRIEVANCES AND PENSIONS (SHRIMATI MARGARET ALVA) : (a) Yes, Sir.

(b) A shortcoming in one software (COS inverse) function is reported to have led to incorrect calculations of data related to lattice parameters for about thirty rock samples after about four year of the systems commissioning/usage.

(c) to (e) There has been no loss on original data and the loss has been in terms of incorrect calculations owing to defect in one software function (COS Inverse). This was brought to the notice of the vendor who have suggested an alternative solution. The fact of detection of the defect in the software function in the Wadia Institute of Himalayan Geology has been brought to the notice of all Government Departments for necessary action.

(f) The efforts of the Scientists has been appreciated.

Technology Developed by Indian Space Research Organisation to be used as Import Substitute

4042. SHRI DHULESHWAR MEENA : Will the PRIME MINISTER be pleased to state :

(a) whether it is a fact that the technology developed by the Indian Space Research Organisation (ISRO), both within and outside the country, is not being properly utilised by the Industry; and

(b) whether it is also a fact that precious foreign exchange can also be saved by way of these technologies, once developed as products, as import substitutes, and if so, the details thereof

THE MINISTER OF STATE IN THE MINISTRY OF PERSONNEL, PUBLIC GRIEVANCES AND PENSIONS (SHRIMATI MARGARET ALVA) : (a) No. Sir.

(b) A number of technologies developed by Indian Space Research Organisation (ISRO) have already been transferred to Indian Industry and are being manufactured by the industry, to meet the demands of various agencies and organisations, besides ISRO's own requirements for its satelites and launch vehicle programmes. In adition, ISRO also provides technical consultancy support to Indian Industry to upgrade their technologies. The Indian industry work very closely with SRO, both for ISRO's purposes as well as their own needs.

Prosecution of Doctors under C.E.A.

@4042-A. SHRI PRAMOD MAHAJAN : Will the PRIME MINISTER be pleased to state

(a) whether Government are aware of the fact that the Indian Medical Association have objected to the cases of doctors being prosecuted and fined by District/State Consumer Councils under the Consumer Protection Act, 1986; and

(b) if so, what are the objections and what is Government's reaction thereto?

THE MINISTER OF STATE IN THE MINISTRY OF CIVIL SUPPLIES AND PUBLIC DISTRIBUTION (SHRI KAMALUDDIN AHMED) : (a) and (b) Government has received a representation from the Indian Medical Association wherein they have raised the following objections regarding applicability of Consumer Protection Act to the medical profession ;

(i) that medical profession can not be equated with any trade/selling commodity.

(ii) medical profession comes under 'contract for personal services' under section 2(1) (0) of the Act and therefore, exempted from the Consumer Protection Act, 1986.

(iii) There is specific agency namely Medical Council of India and State Medical Council which have Statutory powers to award punishment for alledged misconduct and negligence against medical professionals.

All the services which are hired for a consideration are covered under the Consumer Protection Act, 1986. The National Consumer Disputes Redressal Commission in a judgement has held that contract of personal services stems from master-servant relationship. The relation between a patient and the professional doctors does not come within that category. Further Consumer Protection Act, only provides for additional remedy to the consumers for the redressal of their grievances against services which are hired for a consideration. It is for the consumer to decide the forum where he wants to seek redress

Reservation for SC/ST in Public Sector undertakings

@@4042-B SHRI KARMA TOPDEN: Will the PRIME MINISTER be pleased to state:
